Information management

The General Data Protection Regulations (GDPR) and the Law Enforcement Directive (LED) took effect from 25th May 2018. Work has been undertaken to reflect these regulations within APP (). Further information can be found here.

Police information refers to all information obtained, recorded or processed for a policing purpose. It includes information which is processed (known as data, including personal data) and information which has been subject to a process of evaluation (known as intelligence).

Information management APP () consolidates information from a number of decommissioned documents. For a full list of titles click here.
